

We care for
Health, Safety & Environment
for Petroleum & Gas storage

PROFILE

We take this opportunity thro' this Communiqué that we have a dynamic, young passionate Core Team, that have of its rich, valuable & relevant experience - gathered over more than Three & Half Decades, during successful tenures with various Organizations. We take pride in our ability to provide quality services through our well-defined & healthy approach to support our clients effectively.

We provides services for obtaining License from PESO 'Petroleum & Explosives Safety Organization' (Formerly known as Department of Explosives) Government of India for the Storage of Petroleum Products like Toluene, Benzene, Methanol, Petrol, Hexane, Acetone, M.E.K., Xylene, M.T.O., Pentane, Kerosene, High Speed Diesel (HSD), C-IX, Furnace Oil, L.D.O. and Gases like Oxygen, Nitrogen, Carbon Dioxide, L.P.G., Argon, Ethylene Oxide, Chlorine, Ammonia, Calcium Carbide & Ammonium Nitrate etc.

We provide prompt and efficient service to clients in proper installation and maintenance of hazardous facilities.

We strictly maintain certain standard rules in our services, as we understand your concern for quality and timely delivery in this competitive market. Each client is very special to us, irrespective of the size of an organization.

We are Competent Person of PESO and can issue Certificates under Rule 126, 130, Part B of Form VII & Form VIII.

We also provide services for getting of NOC (No Objection Certificate) from local authority, Licenses under Solvent Act, Poison Act, Prohibition Act, Arms Acts for Sulfur, Sodium Chlorate, Potassium Chlorate Saltpeter etc.
